Dear Wayne, Steve, Chance, Jordan and Josh,

Couchiching Jubilee House is grateful to all of you for helping us move from one house to the other. We appreciate that you were reasonable with your charge to us and would like to thank you by treating you all to a Tim Horton's gift card. We could not have done the move without you!

Couchiching Jubilee House has become a recognized support in our community for homeless or near homeless women. In 2011 we celebrated 10 years since opening our doors to vulnerable women and their dependent children. Our residence has provided that shelter in the storm, a place of new beginnings to over 60 families.

At CJH we are privy to many heartbreaking stories. We think of the 17 year old who left home to move in with her boyfriend just to spend the next 12 years in fear, surrounded by a world of drugs, alcohol and dependence on the abuser...all in the name of "love". We can tell you today this same woman has graduated from CJH, completed college, volunteers in the community and is in a healthy place raising her two teen children.

Thank you for your support, empowering us to provide support to those most vulnerable in our community.

Sincerely,

Shauna
