Dear Gary,

I wanted to take this opportunity to thank you for supporting the David Busby Street Centre by moving all the furniture and keeping it on your truck for the weekend. The painting would not otherwise have happened.

I was most impressed with the commitment from your team, who came in on a long weekend, their day off, to support a community project. This shows your commitment and the dedication of your team to the community in which we live. The team that showed up from your company were friendly and gracious and pleased to be helping out. I can assure you that if anyone associated with our organization were planning to move, your company would be the first to be contacted.

Painting the DBSC would not have happened without your support and coordination of the men from Gary's Moving, who graciously donated their time to ensure this project, came to fruition. Please thank all the staff who donated their time. We are truly grateful. The centre looks amazing and is a much more welcoming place for people in our community who are struggling each day to survive.

On behalf of our clients, staff, volunteers and Board of Directors thank you for your commitment and please offer our gratitude to the team who graciously donated their time to make a difference in the lives of many. .

Sincerely,

Louise Stinson
